MCL is defined as the Maximum Contaminant Level and AL is the Action Level (AL is applicable to Copper and Lead only) allowed by the Safe Drinking Water Act. SMCL is the Secondary Maximum Contaminant Level. For further information, contact your state or local health department or call the EPA Safe Drinking Water Hotline 1-800-426-4791.

MVTL guarantees the accuracy of the analysis done on the sample submitted for testing. It is not possible for MVTL to guarantee that a test result obtained on a particular sample will be the same on any other sample unless all conditions affecting the sample are the same, including sampling by MVTL. As a mutual protection to clients, the public and ourselves, all reports are submitted as the confidential property of clients, and authorization for publication of statements, conclusions or extracts from or regarding our reports is reserved pending our written approval.
