

## NEW CENTURY ACADEMY

Founded on the strength of tradition and the innovation of tomorrow

Dear Parents,

I am excited to inform you of a wonderful field trip opportunity for your students. On September 20<sup>th</sup>, New Century Academy will be taking an all school field trip to the Xcel Energy Center to participate in We Day. We will be departing as soon as all buses have arrived.

We Day is an inspirational event put together by an educational initiative, We Schools; connecting and empowering a new generation to shift from a "me" to "we" focus. An emphasis on change and power in the community versus the individual. Students will be immersed in a culture of positive change and what it looks like to be a leader. Students will have the opportunity to listen to and observe world-renowned speakers and performers.

If you do not want your child to participate in We Day please contact and let us know they will not be attending.

Sincerely,

Jason Becker, Director

Caitlin Usset, School Counselor
